

Angelica - 8906L - Dining Chair

Specifications:

The elegance of this chair brings a sophistication to dining room, game room or lobby. Art nouveau inspiration is captured in the chair arm, with gently sweeping curves that offer support and style. Sleek and flowing, the chair is ergonomically designed for comfort, healthy seating posture and durability. Find beauty in its simplicity with superior construction. The patented CATCH feature shown on the chair back is designed for convenient placement of walker or other personal items.

Engineered specifically with senior living comfort in mind, sitting, standing and relaxing are easily accomplished with ergonomic design and quality. Lumbar support, arm, seat height, pitch and depth assure healthy sitting posture.

Innovative Option:

CATCH by Samuelson provides a thoughtful solution to clutter in dining, public areas, and hallways. Our patented hardware suspends a folded walker, or any personal item, on the back of our chairs, creating more space and less confusion in common areas of the community. Manufactured from Stainless steel, offered in brushed stainless 113M and brushed brass 106M finishes. ***PATENTED**

TILT by Samuelson is our solution to a common cleaning problem. Our discreet system allows the seat of our chairs to tilt forward, exposing a drop-through frame. We have thoughtfully engineered this hygienic system to facilitate a simple, single-step service.

Height: 37 11/16" | 95.726cm
