

9125 - Desk

Specifications:

More than a desk, this is a thoughtfully crafted architectural work surface with interesting form, storage and attention to detail. Movingui, an exotic species used on the wood surfaces is a distinctive highlight. The horizontal work top spans two functional design elements. A leather wrapped cylindrical cabinet on one end functions as fridge storage with interior door shelves and plug-in connections. Topped with circular reverse painted glass tray and surrounding satin brass frame, LED light highlights the section. The opposite end has two open round shelves with matching brass frame. Each sits on a base of satin brass.

Height: 35.5" | 90.17cm

Width: 108" | 274.32cm

Overall Depth: 29" | 73.66cm
