

9208 - Vanity

Specifications:

The elegance of this vanity is enhanced by design of seamless, rounded corners and edges. Attention to detail provides beautiful aesthetics as well as functional attributes. Stunning vertically fluted panels wrap around entire unit, each panel accentuated with architectural trim lip detail. Door panels open to towel and amenity storage. A stone top with eased edge provides ample surface and undermount sink cut-out. Underlying construction includes the importance of water resistant plywood for durability. Available in variable dimensions and configurations.
