

Cassandra - 9174L - Dining / Occasional Chair

Specifications:

Architectural contours define this distinctive chair. The upper upholstered section accentuates the form as its back and arms create interesting angles. A perfect way to either dine or lounge comfortably. This Cassandra Chair features a gentle, organic curve to the recessed wooden base with round, tapered, splayed legs. Also available as Loveseat 9174-12L

Engineered specifically with senior living comfort in mind, sitting, standing and relaxing are easily accomplished with ergonomic design and quality. Lumbar support, arm, seat height, pitch and depth assure healthy sitting posture.

Innovative Option:

CATCH by Samuelson provides a thoughtful solution to clutter in dining, public areas, and hallways. Our patented hardware suspends a folded walker, or any personal item, on the back of our chairs, creating more space and less confusion in common areas of the community. Manufactured from Stainless steel, offered in brushed stainless 113M and brushed brass 106M finishes. ***PATENTED**

TILT by Samuelson is our solution to a common cleaning problem. Our discreet system allows the seat of our chairs to tilt forward, exposing a drop-through frame. We have thoughtfully engineered this hygienic system to facilitate a simple, single-step service.
