

## 8547 - Vanity

### Specifications:

This single vanity includes meaningful attributes including ample storage with three open cubbies, a stone top, backsplash and metal towel bar. A base with tapered splayed legs adds a touch of elegance. We use marine grade plywood and 304 stainless steel as a standard in our vanity construction. These materials are critical to withstanding the high moisture environments found in bathrooms.

Height: 34" | 86.36cm
