

9199 - Side Chair

Specifications:

Comfort and support is provided in this lounge chair through perfect pitch and thick semi-attached box-style seat and back cushions. A unique, beautifully designed open wood frame defines this chair. The arms seamlessly connect front and back splayed legs and wrap around to the chair back in left and right formation. Looking from behind, an architectural design is created as a vertically matching wood panel is fastened to the inside back in support of the back cushion.
