

9166 - Sleeper Sofa

Specifications:

Sitting and sleeping are accomplished in equal measure with this contemporary sleeper sofa. Our well-engineered construction is essential in creating a plush, secure and cozy experience. This includes hard wood framing, well reinforced joints and high density foam cushioning for durable support and comfort. The finest available pull out used in this sleeper mechanism makes conversion from sofa to bed a smooth and simple effort.

As an interesting design detail, upholstered arms wrap around an inset wooden post finished in light-stained white oak with matching base. Top stitching on the tight seat back, arms and reversible seat cushions add sophisticated craftsmanship and a luxury design statement to the sofa. A perfect balance of form and function are achieved.
